Subject: Reject the Proposed DEIB Plan

Email Template:

Dear Board of Trustees,

My name is _____ and I am a [parent of a CUSD student / resident of Carlsbad/Oceanside / concerned member of our community]. I have watched our schools and community become incredibly divided as a result of CUSD's proposal for a Diversity, Equity and Inclusion Plan, and I am respectfully asking that you reject this plan on Wednesday, June 21st.

Although the DEI goals are well-intentioned, it is deeply concerning that many of those in favor of the plan have expressed hostility toward those with diverse views. DEI programs are ending across the country as evidence shows how they cause further conflict between students, teachers and parents by separating us based on our differences instead of uniting us based on our similarities.

I would like CUSD to instead focus its limited budget on improving academic outcomes, building trust and transparency with parents, and avoiding controversial issues like gender, sexuality and Critical Race Theory. CUSD's own surveys already showed high degrees of satisfaction with our school environment, while these DEI discussions have only caused needless controversy. Please do the right thing and reject the DEIB plan for CUSD.

Thank you,
